Indian Conference on Carbon Materials 2023

Carbon for Sustainable Future

November 30 - December 2, 2023

*DAE Convention Centre, Anushaktinagar,
Mumbai*

Organized by:

Indian Carbon Society, Maharashtra Chapter

Technical Associate:

Materials Group, Bhabha Atomic Research Centre

www.carbonindia-iccm.com

Introduction

CARBON is a unique material with wide range of structures and properties. Though the research on carbon based materials started centuries ago, the interest has renewed with the advent of newer and exotic forms of carbon. The Indian Carbon Society, formed in 1979, has been organizing conferences on carbon materials at regular intervals till the pandemic disrupted the world. Since the last conference on Carbon Materials in 2019, when the researchers, students and industry representative met physically, there has been a gap of 4 years. To rejuvenate the researchers and the practitioners, the Maharashtra Chapter of Indian Carbon Society along with Materials Group, BARC is pleased to invite you to the **Indian Conference on Carbon Materials (ICCM)-2023** at DAE Convention Centre, Bhabha Atomic Research Centre during **November 30 - December 2, 2023** and provide you a forum in which the latest scientific and technical developments in the field of carbon will be discussed. This is an excellent platform for the researchers, academicians, students and industrialists to showcase their works and interact among themselves.

ABOUT THE ORGANIZERS

Indian Carbon Society-Maharashtra Chapter was started to tap the huge potential of academia-industry partnership of western India, where a large number of industries, research institutes and educational institutes dealing with carbon materials coexist.

The Materials Group of Bhabha Atomic Research Centre is actively involved in the research and development of carbon based materials for energy applications, composite applications, sensor applications and separation science and technology.

CONFERENCE TOPICS

- Carbon Fibers and C/C Composites
- Graphite and Industrial Carbon (Precursor to Finished Products)
- Carbon for Energy and Storage
- Carbon in Biology, Medicine and Health
- Novel synthesis Routes and Innovation in Carbon Technology
- Carbon in Sensors
- Nanocarbons and Heterocarbons
- Carbon in catalysis
- Carbon in Adsorption and Separation Technology
- New Carbon Materials (Mxene, Carbyne, Biphenylene, Long-range Porous Carbon, Carbide etc)

SPONSORSHIP

The Organizing Committee requests the corporates for active role in the form of sponsorships/advertisements/exhibitions.

➤ Platinum Sponsorship: INR 5,00,000/-

Includes complementary registration for up to five delegates, industrial exhibition stall, inclusion in the back drop in main session and entrance, advertisement on conference website, full page color advertisement in the souvenir of the conference

➤ Inside Full page (Colour) : ₹25,000/-

➤ Inside Full page (B&W) : ₹15,000/-

AWARDS

In recognition to their contribution to Science and Technology of Carbons by the Indian Scientists/ Technologists/ Engineers/ workers, the Indian Carbon Society presents following awards at the time of the conference. Details about the awards and application forms can be downloaded from the conference website ([www.carbonindia-iccm.com](http://indiancarbonsociety.org/downloads/)) or society website. (<http://indiancarbonsociety.org/downloads/>)

➤ B. D. BANGUR AWARD

➤ L. N. J. AWARD

➤ Best PhD Thesis Award in the field of carbon (Thesis accepted on or after 1.12.2020 is eligible)

➤ Best Innovation Award 2023 in the field of carbon science and technology

STUDENT AWARDS

The Best Oral and poster presentation awards will be given to young researchers working in the area of carbon material. Candidates will be selected based on the novelty of their R&D Work and his/her oral presentation. The candidates are required to register for oral / poster awards while submitting the abstract with letter from his/her supervisor and proof of studentship. The maximum age limit is 30 years as on 30.10.2023

TRAVEL ASSISTANCE

The Society has decided to offer travel grant (Limited to maximum III AC to and from rail fare) to young researchers (up to the age of 30 years as on 30.07.2023), who wish to attend the conference and present their work. Those desirous of availing this grant should write to the secretary along with the extended abstract latest by 15 September 2023. The society will convey the decision of travel grant latest by 01 October 2023.
